Art Unit: 3653

1. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

2. Claim 29 is rejected under 35 U.S.C. 103(a) as being unpatentable over *Wilson in view of Kaufman. Wilson discloses the apparatus to effect the method of having a 'prize' delivery mechanism comprised of the bottle 10 with the prize articles therein.

Note the use of the currency slot 34**. To provide that Wilson 's prize delivery mechanism would be placed into a vending machine would be obvious not only as a mere choice of utility to so place the delivery mechanism into conventional vending machines, but Kaufman discloses the use of placing a prize delivery mechanism into a vending machine so as to provide ready dispensing of the prize delivery mechanism.

3. Claims 1-28 are allowed

4. The remarks relative to claims 1-28 are deemed persuasive, however, claim 29 merely recited a currency slot and a prize delivery mechanism (bottle with the prize inside). The use of placing the prize delivery mechanism into a vending is obviated as a mere use of utility and taught by Kaufman. As such the remarks relative to claim 29 are not deemed persuasive.
